Lab # 05: Installing IDEs

Instructor: Nimra Mughal

Installing Visual Studio Code

Follow the instructions given in this link

<https://www.youtube.com/watch?v=fbyobdxDQno>

Visual Studio Code installation link

<https://code.visualstudio.com/>

Search "visual studio code for java" in your browser such as chrome and click on the first link. Document of Java Language setup and Install on VS Code

<https://code.visualstudio.com/docs/la...>

Documentation of Java Tutorial on VS Code

<https://code.visualstudio.com/docs/ja...>

Java JDK 17 Download Link (You have already downloaded jdk, so no need to install this now)

<https://www.oracle.com/java/technolog...>

Installing IntelliJ IDE

Follow the steps mentioned in this video to apply for Student's license of **IntelliJ**.

<https://www.youtube.com/watch?v=OdT9SpGGI2k> (License)

https://www.youtube.com/watch?v=upQu_brz7OI (License + Installation)

Once you complete the steps, you will receive the email like this:

JetBrains Sales <sales@jetbrains.com> Thu, Jan 18, 4:05 PM ☆ ↶ ⋮
to me ▾

Hi Nimra,

Congratulations! Your JetBrains Educational Pack has been confirmed.

Please [link your free license](#) to a new or an existing JetBrains Account. You will need to use this account whenever you want to access JetBrains tools.

The link above expires on January 22, 2024.

To access your license after this date, go to the [JetBrains Account portal](#) and sign in or register a new account with the email address at which you received this message.

Here are some useful materials to go with your Educational Pack:

Visit the mentioned link you receive in the email, and download the setup for IntelliJ by clicking on the Download menu

Download ▾

Licensed to: **Nimra Mughal**

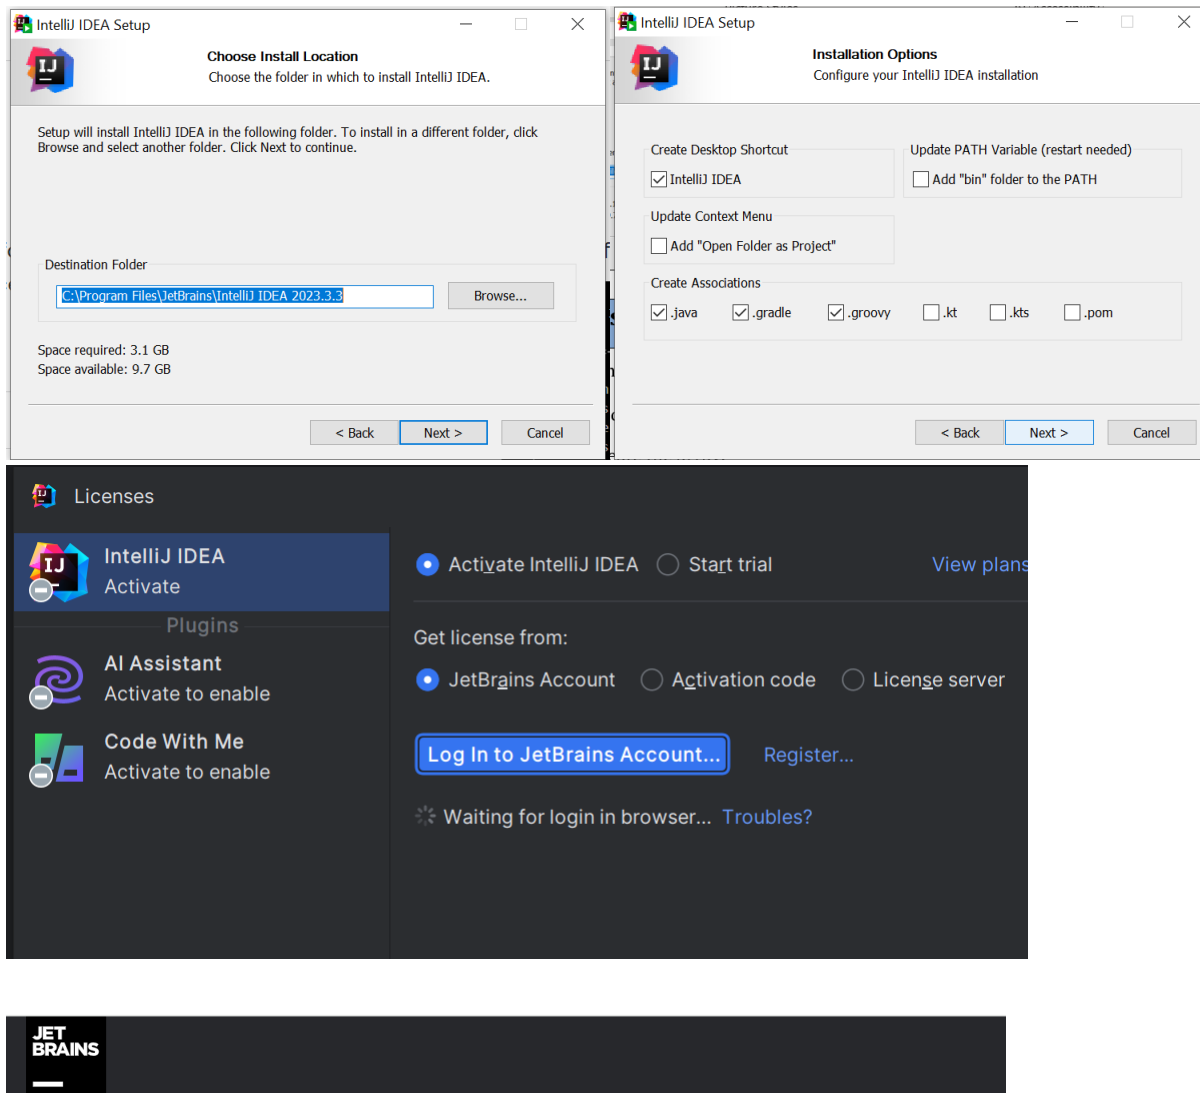

License restriction: For educational use only
